

*Soror Delonjie Tyson*

*National Undergraduate Representative*

*2016-2020*

My name is Delonjie Tyson but most call me DJ! I was born in Tampa, Florida, however I was raised primarily in Jacksonville, Florida. For college, I returned to my original hometown and began school at the University of South Florida – Tampa.

Here is where I not only obtained two bachelor's degrees, but also fell in love with Gamma Phi Delta! I was inducted into the Elegant Eta Undergraduate chapter of Gamma Phi Delta Sorority, Incorporated on April 19<sup>th</sup>, 2014.

Since my induction, I have served several chapter positions including Basileus, a Regional position (Grammateus), and now a National position (National Undergraduate Representative). Through my experience of rebuilding the Eta chapter in terms of membership, I have had a great deal of knowledge of what it takes to keep Gamma Phi Delta Strong.

Professionally, I have worked for the University of South Florida as an Administrative Office Assistant and Enrollment Management Assistant. I have also had the pleasure of volunteering here in Tampa with a local girl's home where I mentor teenage girls.

Connecting with people is my passion, empowering women to reach their full potential is my goal. Through life I aspire to lift others as I climb. I will do no different in this current position.

I hope to not only assist our undergraduate chapters with membership and building their chapters, I also seek to lift my fellow Undergraduate Sorors to the level of greatness destined for them!
